Nanryo Factory Obtains the FSSC 22000 Certification

Sunsho Pharmaceutical Co., Ltd. (Head Office: Fuji City, Shizuoka Prefecture, Japan; President: Row Imamura; hereinafter “Sunsho Pharmaceutical”), a leading company in contract capsule development and manufacturing, announced that its Nanryo Plant has acquired the FSSC22000 Certification, an international food safety management system certification.

Sunsho Pharmaceutical has been striving to maintain and improve quality with a mission of “absolute quality. As part of these efforts, we have been working to strengthen our quality management system by acquiring the cGMP (NSF) Certification at the Oobuchi, Atsuhara, and Nanryo Factories. With the acquisition of the FSSC22000 Certification, we will take our quality management system one step further to deliver safe, high-quality products to our customers.

Details of Certification

(1) Facility Name: Nanryo Factory of Sunsho Pharmaceutical Co., Ltd.

(2) Date of Registration: August 12, 2024

(3) Scope of Registration: Production of gelatin capsules, plant-based soft capsules and coated tablets for human use; production of gelatin soft capsules for pet food; formulation development and design of gelatin soft capsules, plant-based soft capsules and coated tablets.

What is FSSC22000?

It is a system standard for food safety approved by the GFSI (Global Food Safety Initiative). Based on ISO 22000 with the goal of providing safe food to consumers, this standard sets specific methods in the precondition plan and adds additional requirements

for the management, transportation and logistics of purchased materials and allergens and is defined as a management system to achieve more reliable food safety management.

We will continue to improve our quality assurance system and work to enhance food safety to contribute to the mental and physical health of people around the world as the best partner for all of those involved with Sunsho Pharmaceutical.
